PREFERENCE QUESTIONNAIRE

CLEARWATER PASSAGES
YACHT CHARTERS

We are thrilled you've chosen to book a charter with Clearwater Passages and look forward to guiding you through the process of preparing for your trip!

In order to welcome you and help make your stay aboard your chartered yacht as comfortable as possible, it will be essential to fill out the following preference sheet. This provides you the opportunity to let your crew know any specific preferences: likes, dislikes and needs in accordance with your individual tastes and daily habits. This allows them time to plan and cater to your preferences and needs. This preference sheet is not meant to guarantee that ALL items noted will be on-board, but to have a gauge of your preferences.

***Your HONESTY in this preference sheet is CRUCIAL to the success of your charter. Be your own advocate if you feel strongly about a specific preference. Your crew can only accommodate so much as they are given the knowledge.**

Please contact all members of your party, before completing this form, so that everyone's favorites and preferences are taken into account, and that items are able to be on-board if possible! Please bear in mind, your crew will always try their best to have your preferred items on-board but are sometimes limited as to what may be available, particularly in the islands. Also, please remember foreign country brands may vary as well.

You are welcome to print, complete and scan this preference sheet, or to use Adobe to fill out. Please save and send the attachment back to me at least 2 months prior to your trip. This preference sheet will be reviewed for clarity then shared with your crew who may contact you further with any questions and/or clarifications.
